金马仑高原

打造金马仑品牌农产品

农业与农基工业部副部长沈志勤表示，该部目前已著手打造「金马仑品牌」，好让金马仑的农产品能远销国外，其中关键则是确保当地的农地都符合良好农业规范认证。

鉴于此，他指大马农业研究发展局将在今年2月，派出5名研究人员前往金马仑，协助解决农民所面对的各种问题，包括改良可抗病毒的种子、土壤侵蚀、农药、绿色科技及引进高科技产品。

沈志勤是于周五下午在金马仑大马农业研究发展局，出席农业局的良好农业规范认证（MyGAP）注册活动后，向媒体如是指出。「一旦使用高科技种植，将能提高农民收入，同时，也吸引年轻人参与种植业。」

Polis henti siasat kes anjing mati diracun

PORT DICKSON - Polis telah menghentikan siasatan kes beberapa ekor anjing ditemui mati dipercayai akibat diracun di Taman Lavender Heights, Seremban awal bulan ini.

Ketua Polis Negeri Sembilan, Datuk Noor Azam Jamaludin berkata, pihak polis menghentikan siasatan kes itu atas arahan Pejabat Timbalan Pendakwa Raya.

"Kami telah rujuk kes ini kepada pegawai pendakwaan negeri dan kes itu diarahkan disiasat oleh Jabatan Perkhidmatan Veterinar.

"Polis hentikan siasatan dan Jabatan Perkhidmatan Veterinar akan sambung," katanya ketika ditemui pemberita pada majlis Sepetang Bersama Pengerusi Persatuan Keluarga Polis (Perkep) Negeri Sembilan dan Perkep Port Dickson di sini semalam.

Hadir sama Timbalan Ketua Polis Negeri Sembilan, Datuk Mohamad Mat Yusop dan Ketua Polis Daerah Port Dickson, Superintendan Aidi Sham Mohamed.

Cef Selebriti, Datuk Fazley Yaakob turut dijemput mengada-

kan demonstrasi masakan.

Terdahulu, Noor Azam berkata, polis mengadakan perjumpaan dengan penduduk Taman Lavender Heights baru-baru ini dan berharap isu itu tidak berpanjangan.

Kosmo! pada 7 Januari lalu melaporkan tiga ekor anjing termasuk seekor anjing milik seorang lelaki berusia 50 tahun di Taman Lavender Heights ditemui mati dipercayai akibat diracun.

MAHB more bee-nevolent with hive

Nest safely transported from main airport terminal

PETALING JAYA: After a swarm of bees converged on KL International Airport 2 (KLIA2) on Jan 8 and caused a minor kerfuffle, another swarm made an appearance on Thursday – this time at the country's main airport terminal.

Malaysia Airports Holdings Bhd (MAHB) group chief executive officer Raja Azmi Raja Nazuddin posted a picture on Twitter of the swarm of bees found at the Kuala Lumpur International Airport (KLIA) terminal.

After having sighted them on Thursday afternoon, he and his team contacted experts to help relocate the bees.

"We will save you bees! Don't worry, the experts, @penyelamatlebah, are here.

"Good luck team, let's work together as one," he tweeted on Thursday night.

MAHB on its Twitter account said it had called in My Bee Saviour, an initiative by the Malaysian Agricultural Research and Development Institute (Mardi), to ensure they were properly relocated.

"Show your support and stay tuned for the rescue mission. #save-MYbees," MAHB tweeted as the rescue operation went into full swing as night fell.

Then early yesterday, MAHB announced the bee rescue mission at KLIA had been a success, thanks to My Bee Saviour.

"These bee-saving specialists are definitely night-time superheroes in disguise.

"We will continue to care for all at the airport, including bees. Have a bee-utiful Friday!" MAHB tweeted.

MAHB certainly has taken its bee infestation problem in its stride, turning the criticism on Jan 8 by AirAsia Group's chief executive officer Tan Sri Tony Fernandes into a public relations win with this latest move.

And they have obviously learnt their lesson – to the benefit of the new swarm of bees that will be moved to a new home.

In contrast, the earlier swarm was not so lucky.

In that earlier episode, MAHB said on Twitter it was a sad ending for the bees as the area was fumigated by its pest control team.

Bad buzz: The earlier hive in KLIA2 suffered a more tragic fate, seen here after being fumigated.
