MAFI targets investments worth RM350 mln in Dubai — Ronald

KUALA LUMPUR: The Ministry of Agriculture and Food Industries (MAFI) is targeting investments worth RM350 million during the Sustainable Agriculture Week at Expo 2020 Dubai, said its minister Datuk Seri Dr Ronald Klandee.

He said MAFI, as the host, will lead the week's theme at the Malaysia Pavilion from Feb 21 to 26, with the Malaysian Bioeconomy Development Corporation (Bioeconomy Corporation) as the implementing agency.

According to Ronald, the ministry is committed to achieving the investment target, among others, by fostering engagement and strategic partnerships with global players, especially with the United Arab Emirates (UAE) and other Middle Eastern countries, to further drive sustainable agriculture for Malaysia and the world.

He said MAFI will hold 11 memoranda of understanding (MoU) exchanges, 50 potential businesses participation from 20 Malaysian Small and Medium Enterprises (SMEs), and agencies under the ministry during the week.

"This is an exciting opportunity for us to showcase the best agricultural practices, smart innovations, and rich resources that contribute to food security, wealth creation, environmental protection, and sustainable livelihoods," he said in a statement on Friday.

Ronald added that the expo will be a great opportunity to improve bilateral ties and trade between Malaysia and UAE through sustainable agriculture development and to elevate efforts to the next level. — Bernama
